POLICIES AND CERTIFICATES

We all need to rethink and reuse the earth's resources, which means only borrowing them from nature. That is why we ensure that our wood comes from controlled sustainable forestry regions, the use of environmentally friendly lacquers and glues for a healthy climate both outside and inside your home is, of course, another key feature of sustainable furniture production. We are certificated with FSC, OHSAS 18001, ISO14001, ISO10002, ISO9001. Parts of our collection are labelled with TSCA certification. Just as all our textiles bear the OEKO-TEX label. We at Font Sofa work according to United Nations Global Compact 10 guidelines and require our suppliers to do the same. Font Sofa takes social concerns, by which we mean that all the stakeholders and employees are treated with ethical manner. Discrimination, abuse, forced labour and child labour are not accepted.

We are happy to design the products of your wishes.

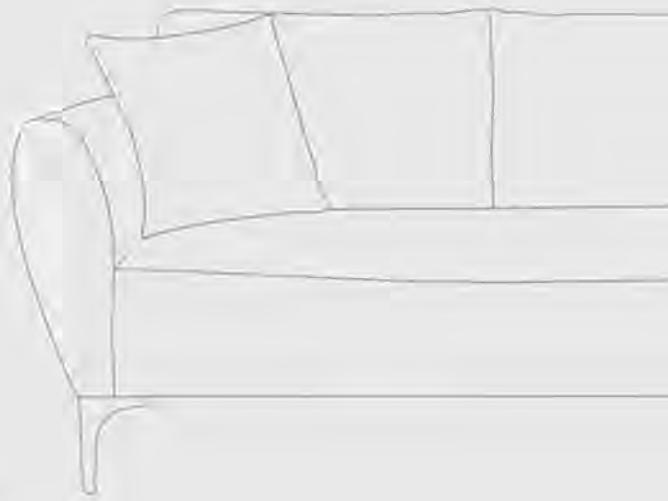

Font Sofa designs and produces sofas with great interest and enthusiasm with professional craftsmanship. Font labeled sofas has delivered high quality and entire satisfaction to customers from all around the world with the industry expertise.

Our Global Footprint

With our global office in the heart of Netherlands and manufacturing facility with 12.000 m² in Turkey, Font Sofa serves customers in over 10 different countries all over the world. In addition to manufacturing our products, we also work on large individual projects.

How We Make Our Sofas?

The highlights of Font Sofa production:

We are certificated with **FSC**, **OHSAS 18001**, **ISO14001**, **ISO10002** and **ISO9001**.

We at Font Sofa work according to **United Nations Global Compact 10 guidelines**.

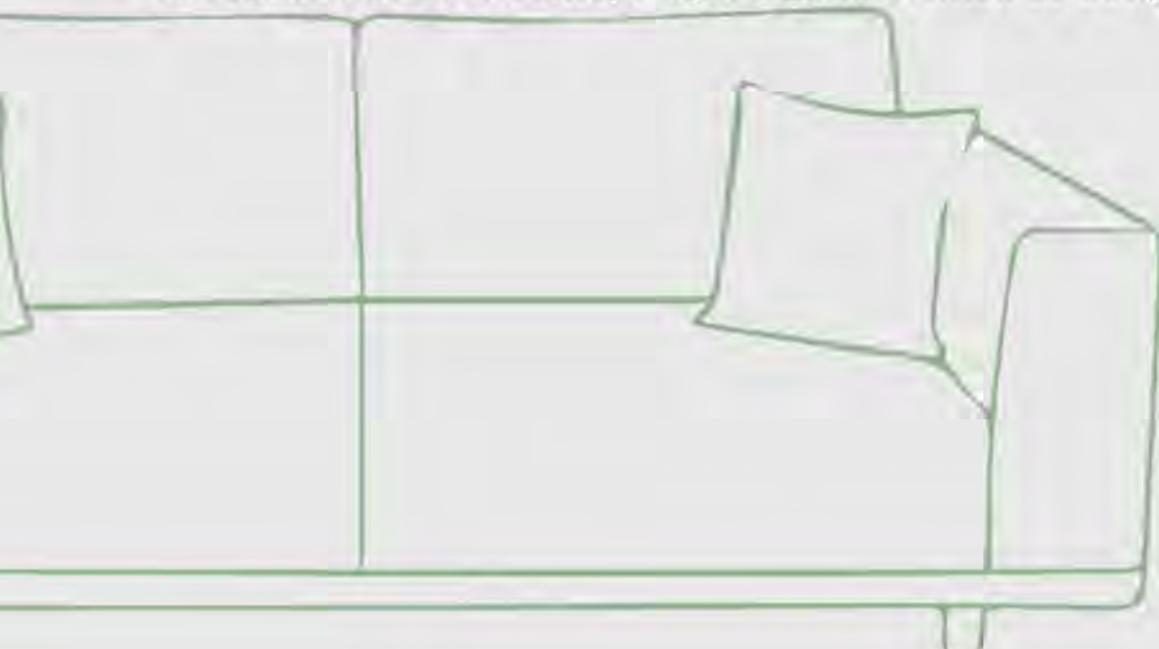

All our fabric and wooden material cuts are made in **CNC machines** according to **technical drawings**, thus human-induced errors are minimized.

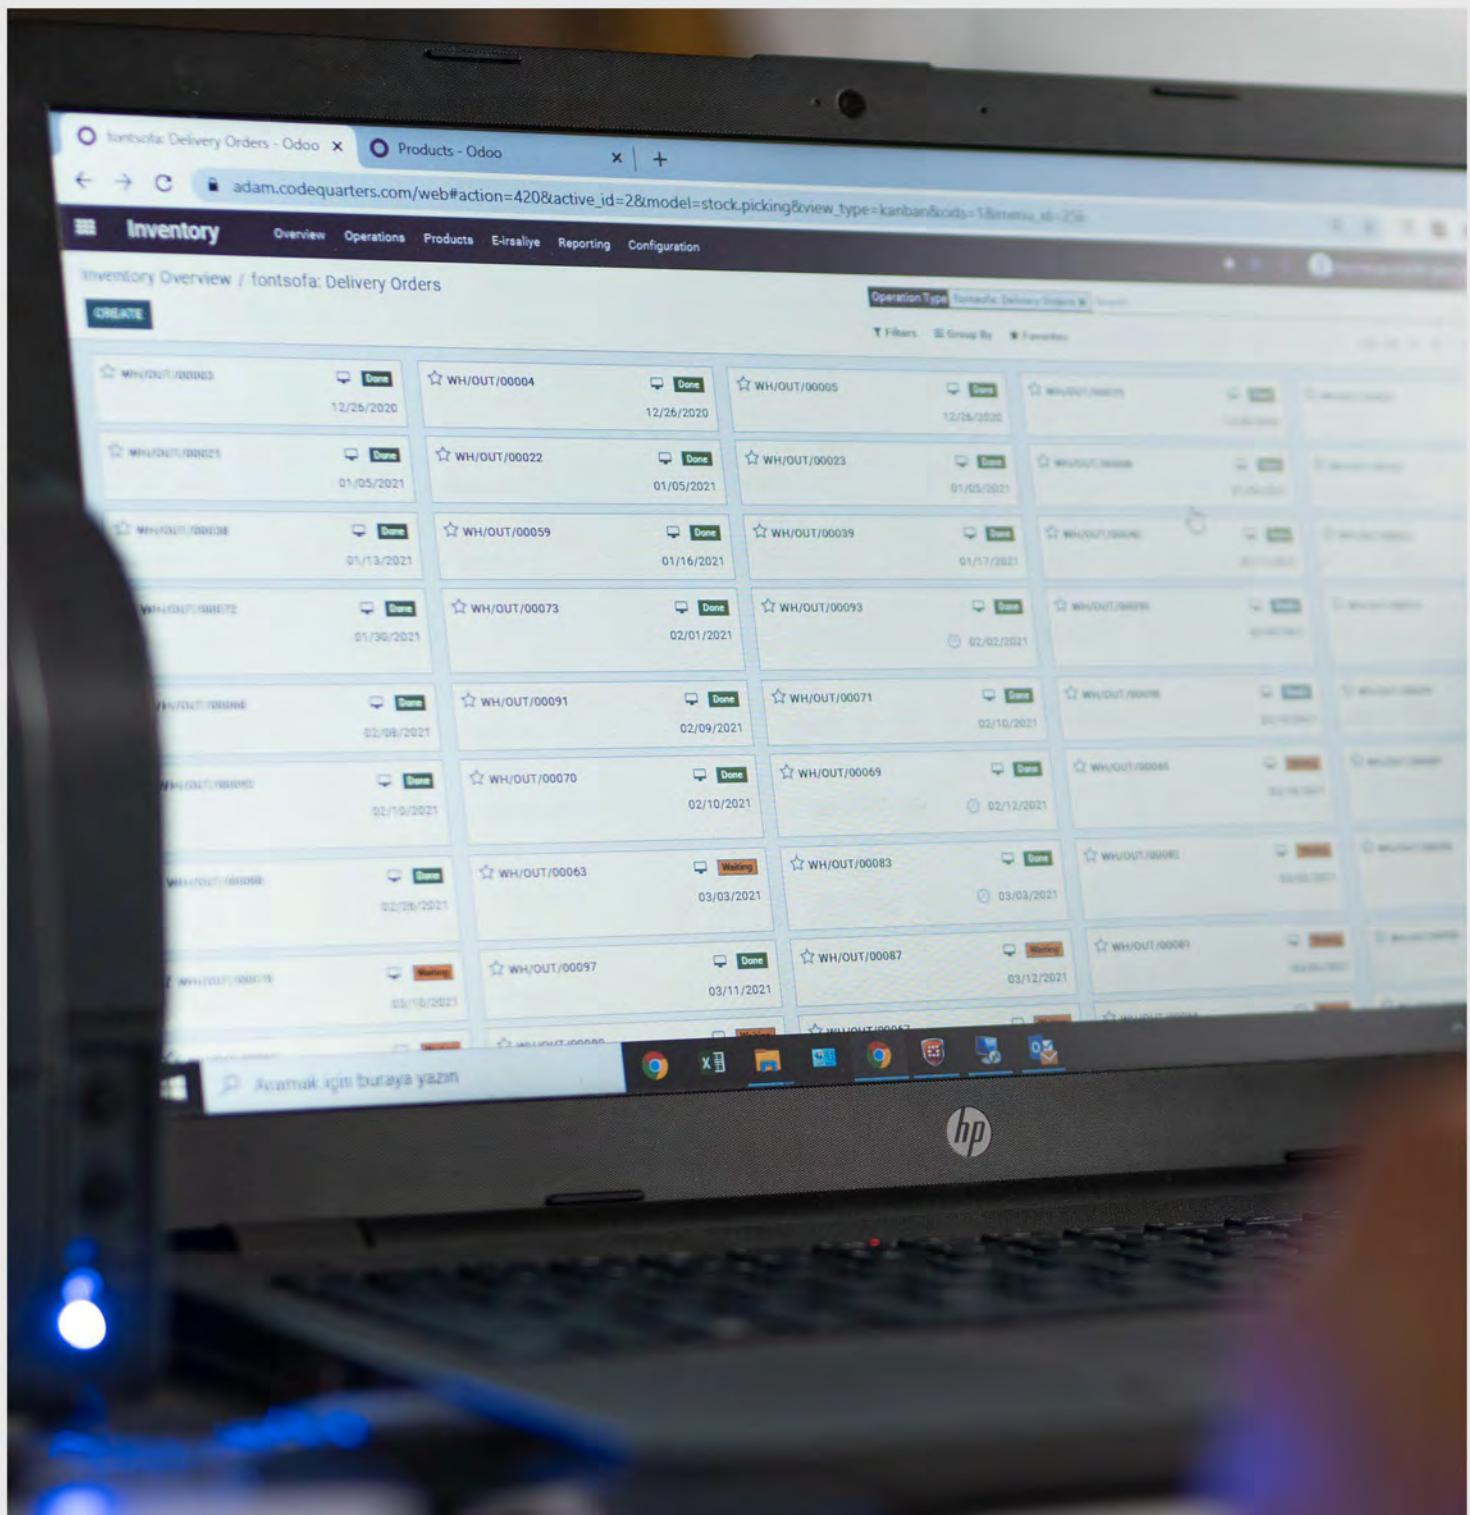

All our upholstering processes are **handcrafted by our expert craftsmen**.

We use CNC cutting machines for wood, fabric and foam and always working **project-based** with technical documentation and an online **ERP System**.

We have a qualified **technical and design team**, so we can also **produce special, customized & custom-made sofas** in addition to our standard catalogue.

We use **AutoCAD**, **Sketchup**, **Alpha Cam**, **Gemini** as design programs.

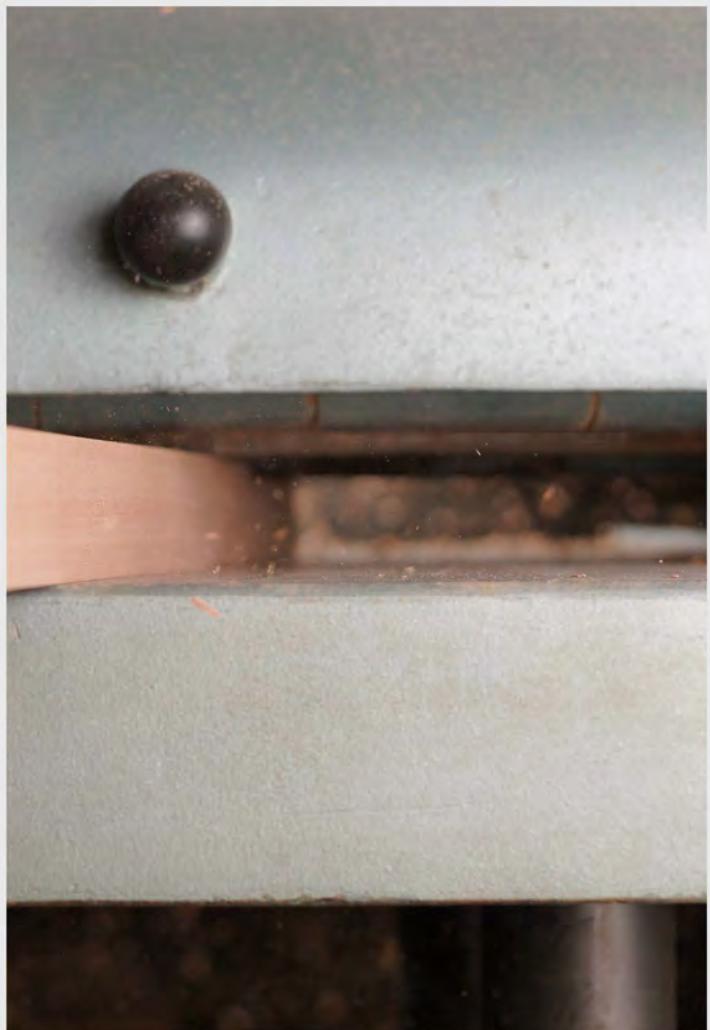

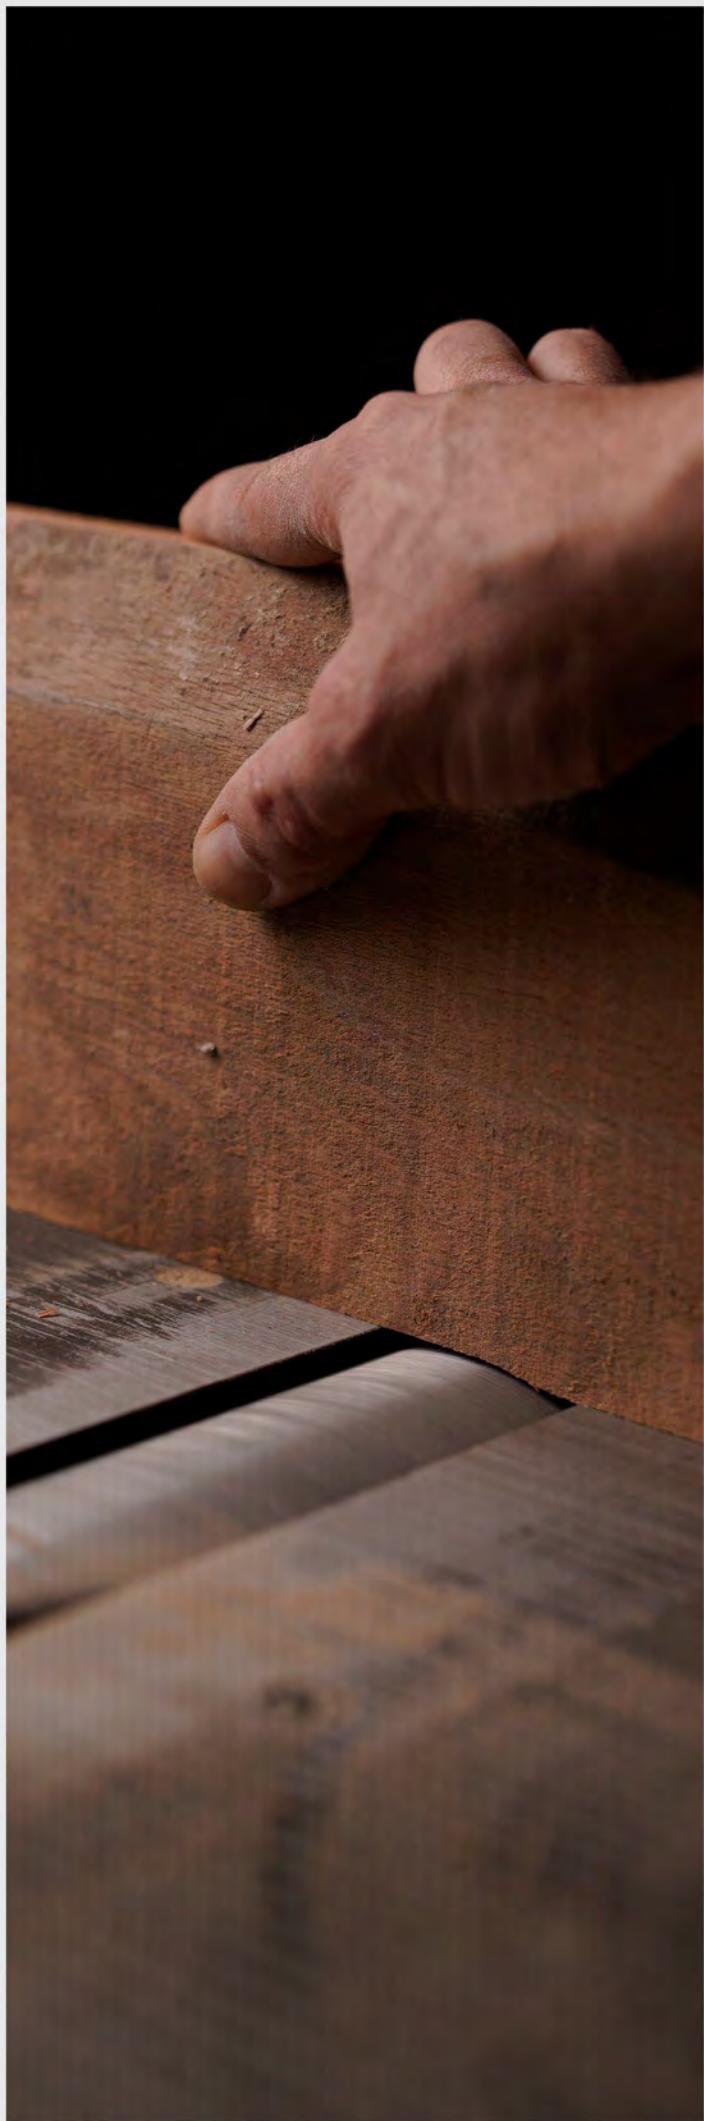

The entire process is monitored and recorded in ERP systems, to give concrete time-frames for deliveries.

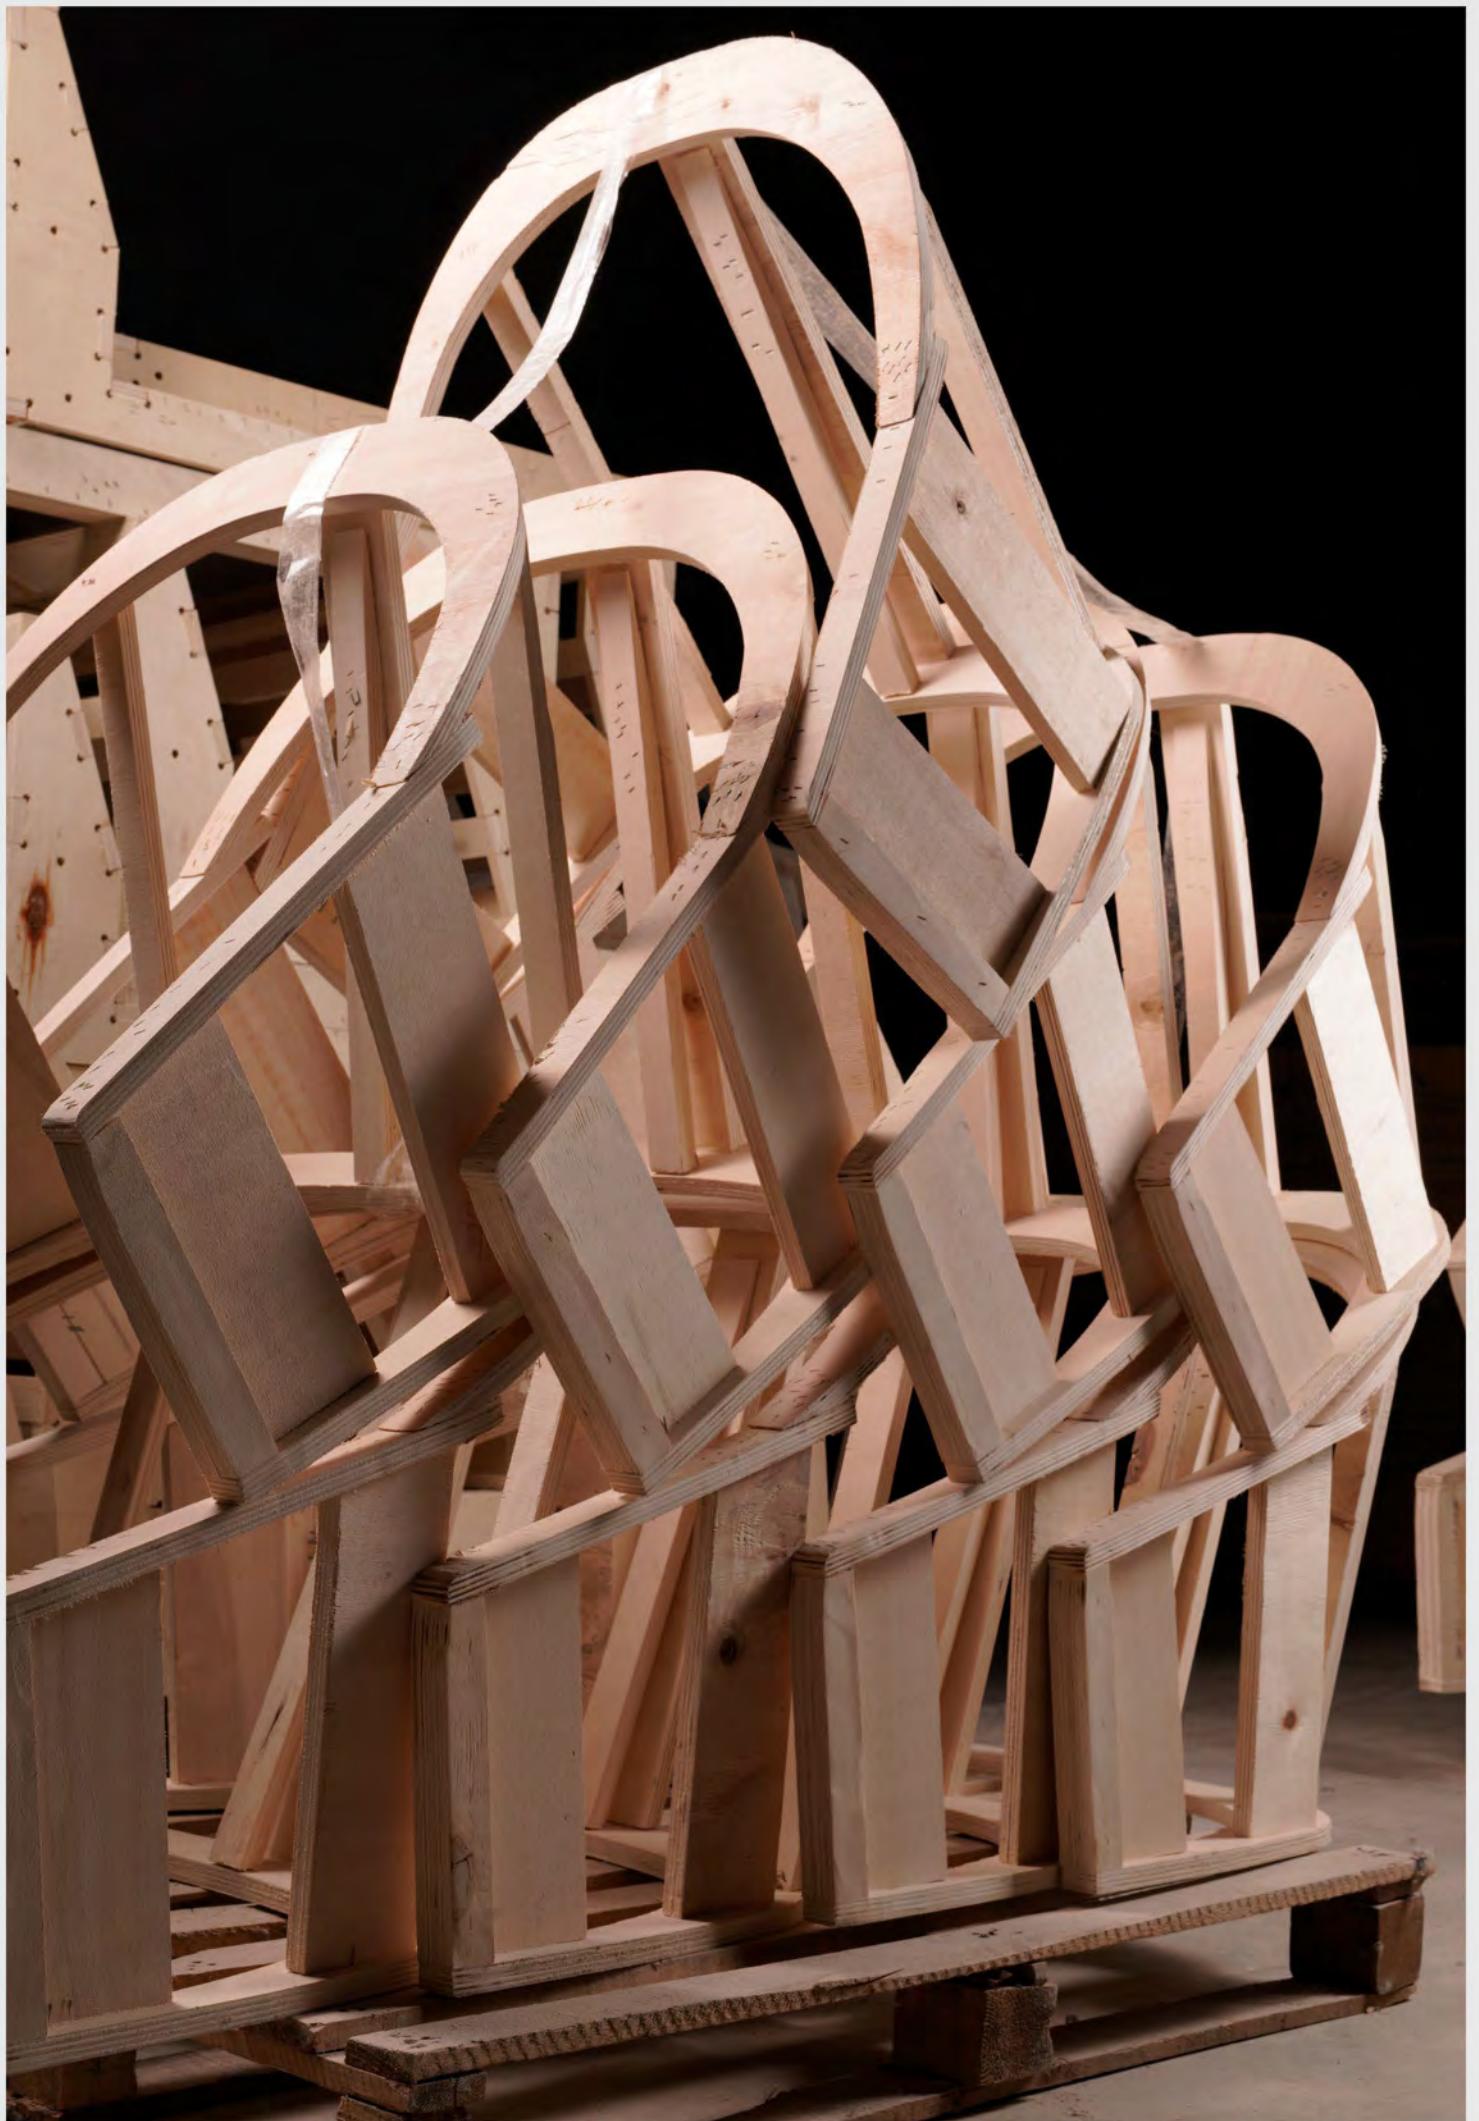

Our talented architects sketch out the templates of the frames, fabrics and foams.

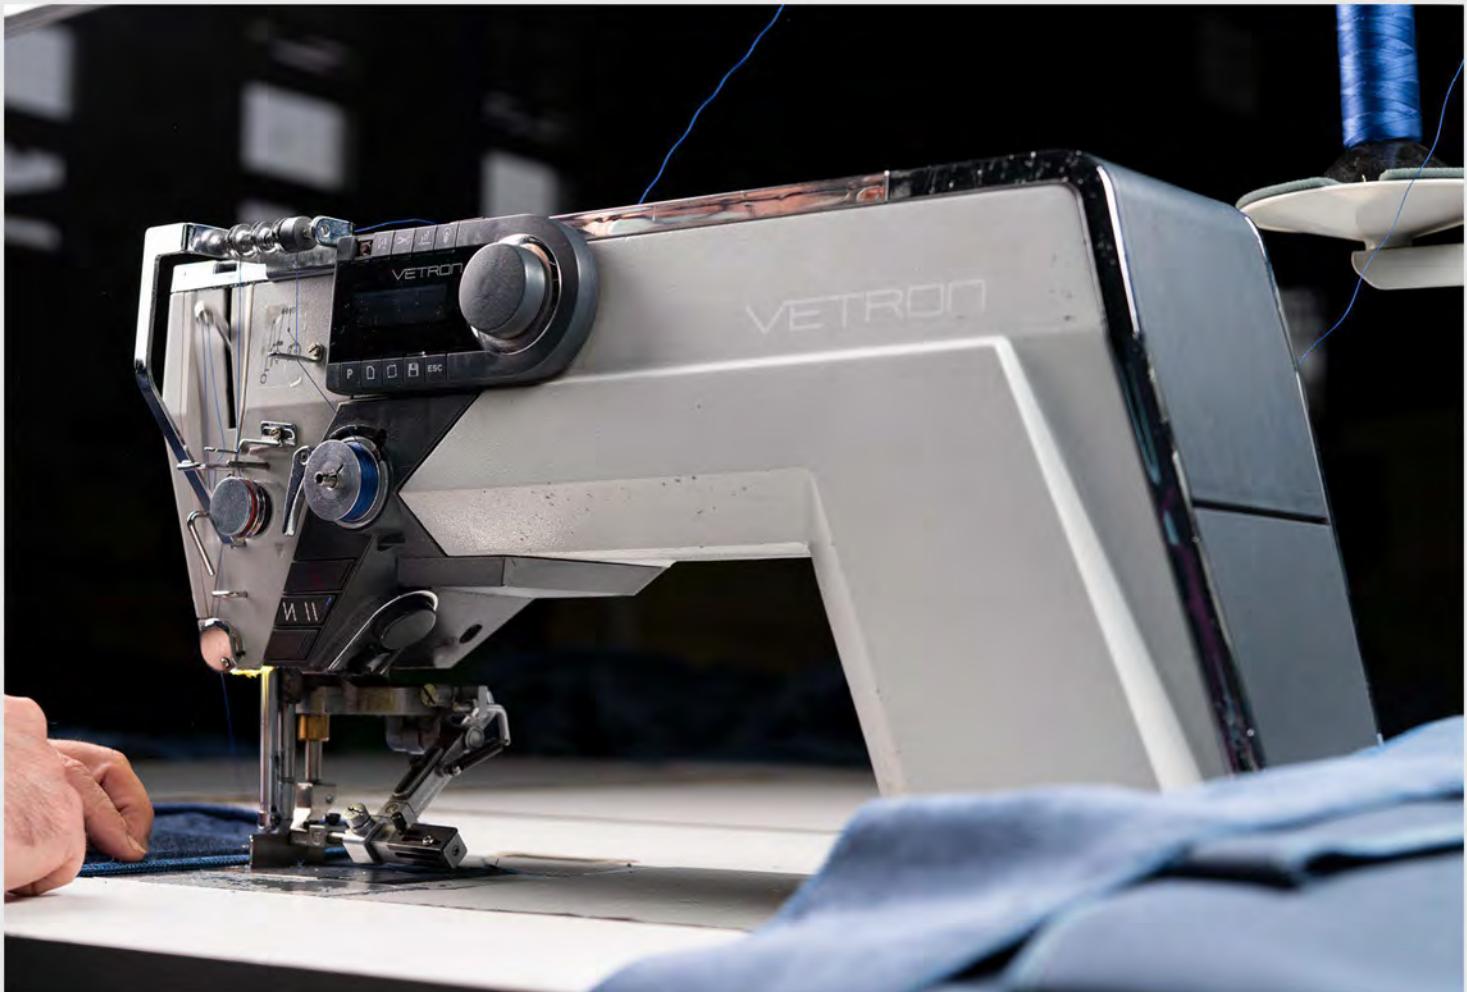

CNC fabric cutting
machine increases
productivity.

Endless fiber polyester threads are used to ensure flawless stitching, and to avoid shrinkage after washing:

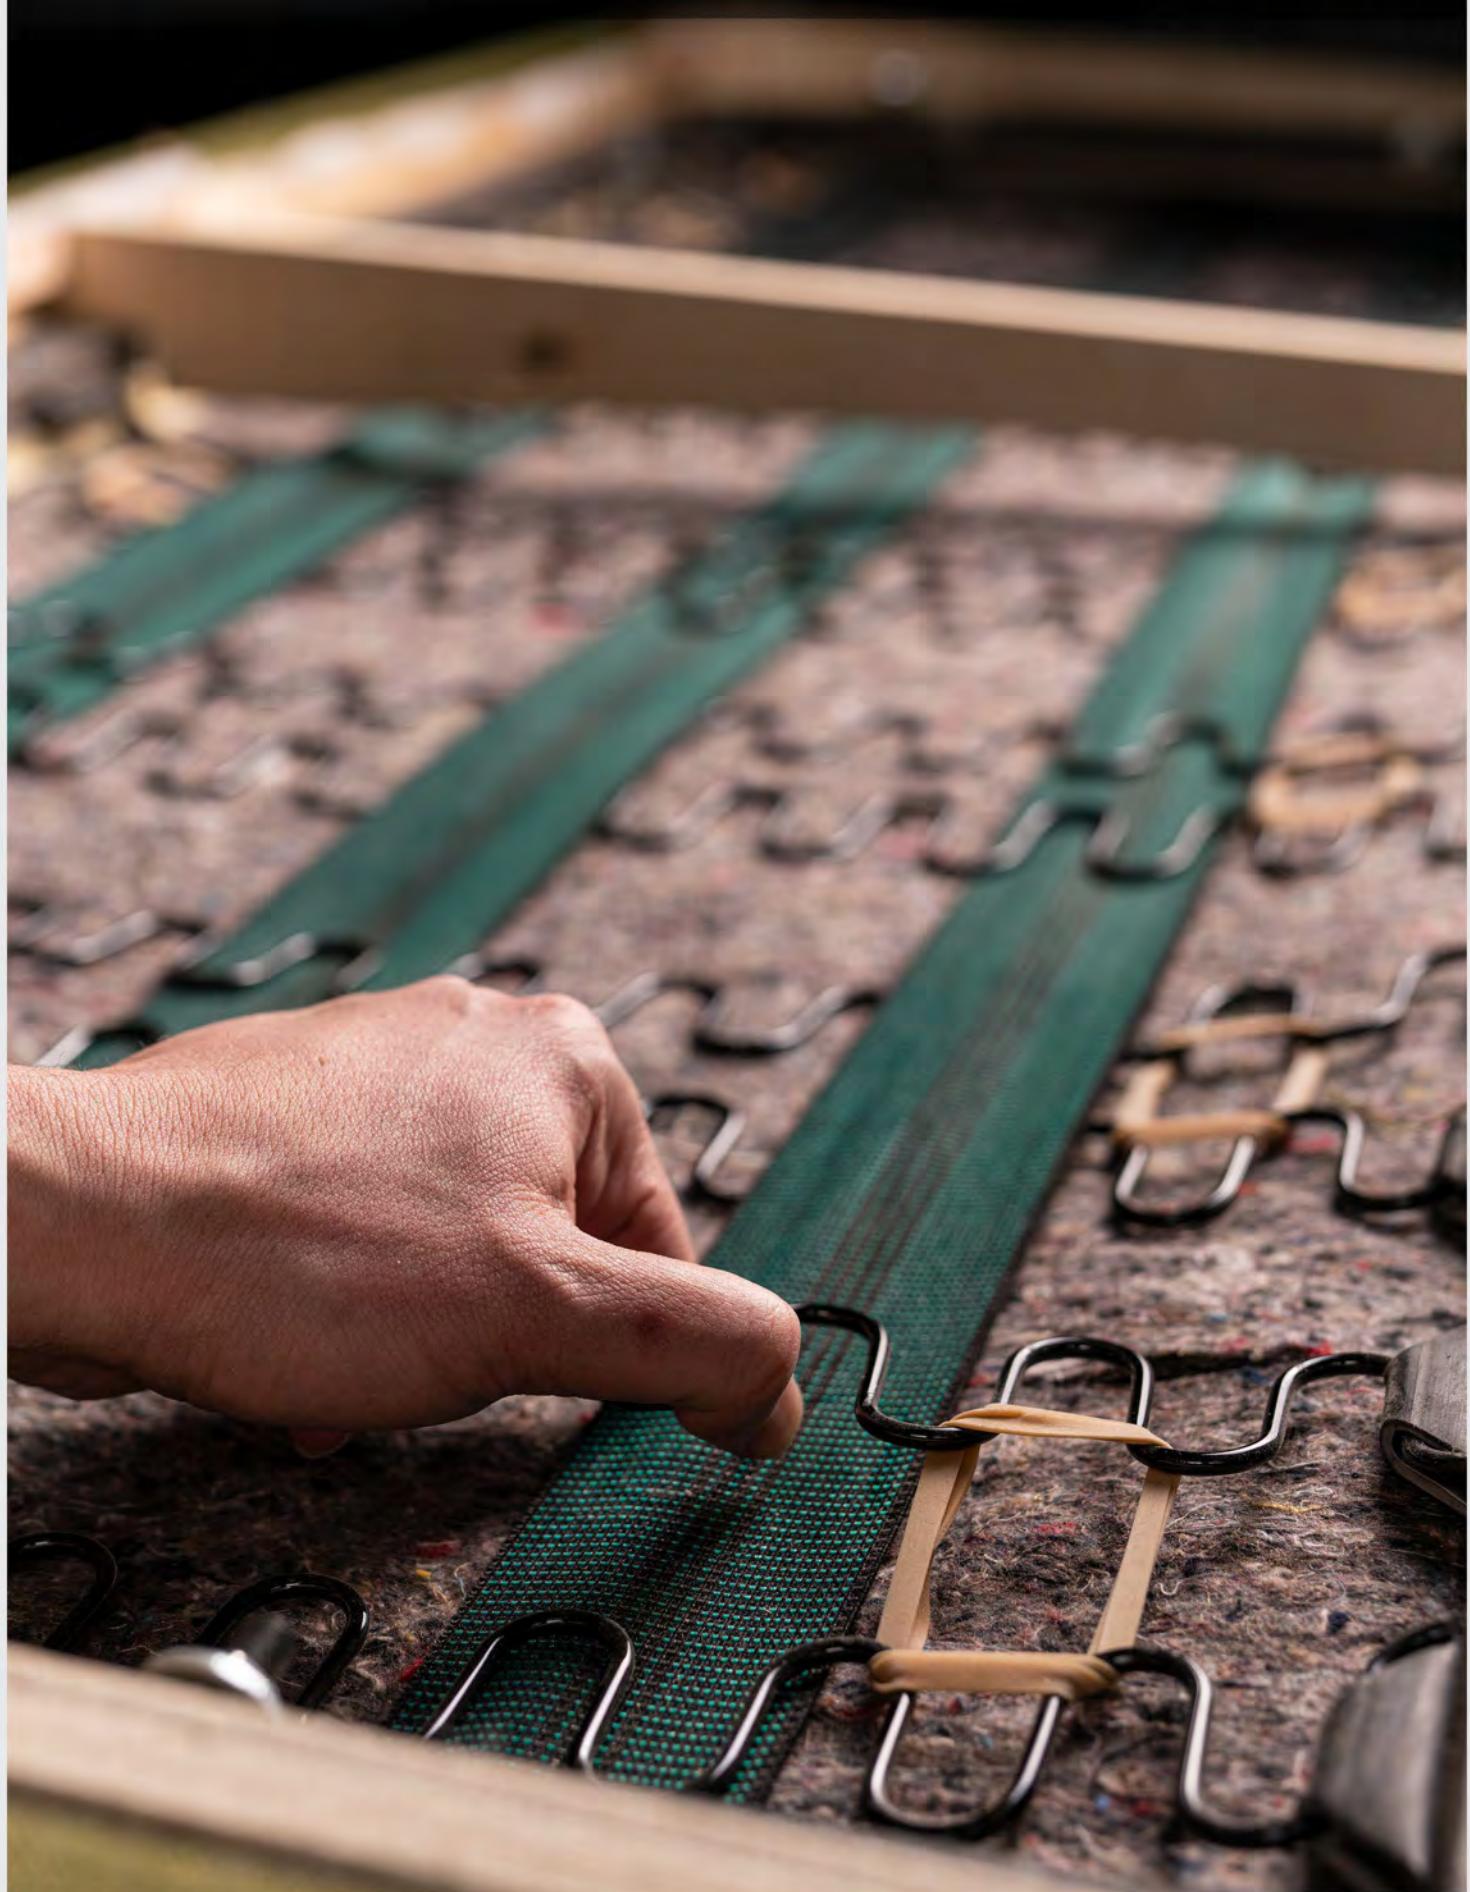

A team of talented craftspeople
work on high-end sewing
machines.

100% natural Italian leather is
processed according to
customer requirements.

No-sag springs and elastic cords are used on seating and backrest to accomodate customer preferences.

Upholstery is completed
by experienced and
talented grips.

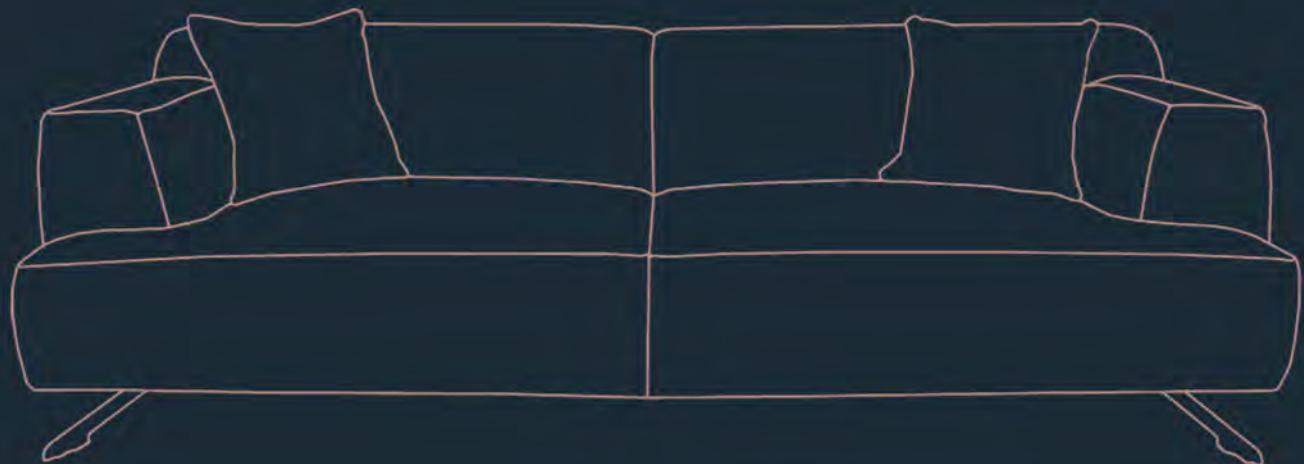

Carton boxes with
pallettes and nylon
bagging is used to deliver
our products unscathed.

MOSS

Moss was inspired by the precise need to create a series of formal proposals with a relaxed feel, for moments of socialising and conversation in a harmonious, relaxed setting. Structural details like the embracing shape of the curved sofas makes it possible to bring people together in a fresh, relaxed and unusual way. This extrovert approach is also embodied by the armchairs, intended as items to be arranged freely.
